

### REPORT

OF THE

# ROYAL INFIRMARY DORCAS SOCIETY.

In submitting the Annual Report of the Society, the Committee desire, in the first place, to state the objects for which it was constituted. These are, to supply destitute patients leaving the Infirmary with warm clothing, and thus to prevent them from relapsing into illness.

The noble aims of the Royal Infirmary, its impartial administration, and the immeasurable success with which it has been blessed, are well known. Within its sheltering walls, generations of the sick and suffering have been relieved or cured, without distinction of age, race, or creed. It is emphatically an Institution to which the words may be applied—"The poor ye have always with you:"-poor in spirit truly, as can be testified of many; poor in worldly means also, as a glance at their ill-clad frames too surely tells. Such patients while they are in the Infirmary, receive sufficient clothing, but this they have to relinquish when they leave. They therefore run great risk, especially in winter, of relapsing, or of contracting fresh disease—in short, of having the benefit received by them in the Infirmary ENTIRELY UNDONE-unless their clothing be warm enough to protect them from the effects of the weather during the first few weeks of convalescence. Many of them are totally unable to provide such clothing for themselves, and have no friends to help them. The Dorcas Society endeavours to supplement, in some measure, the great work of the Infirmary. by giving the needful relief.

Two members of the Acting Committee meet regularly at the Hospital with this object, and distribute clothing suitable for the wants of each case. As far as possible, inquiry is made with a view to prevent the bounty of the Society from being abused, but its distribution is necessarily dependent on the one undeniable claim of destitution. In addition to clothing, the Society supplies in certain

exceptional cases, artificial limbs and other surgical appliances, the expense of which places them beyond the reach of the very poor.

During last year, out of 4901 persons admitted into the Infirmary, from December, 1876, to November, 1877, 854 were supplied with clothing, and 36 with artificial limbs, trusses, &c. These cases were as follows:—

From Surgical Ward 303 out of 2505 Patients., Medical do., 551, 2396 do.

The Committee regret to state that these figures, in so far as they indicate the relief afforded by the Society, exhibit a falling-off as compared with last year, when as many as 1102 cases were assisted. But the result is entirely due to the want of funds, which rendered it absolutely necessary that the Society's operations should be restricted, to prevent it from falling into debt. The Committee therefore appeal to the benevolent for an increase of subscriptions, in order that the charity of the Society may at least be restored to its former volume.

The Income last year, including special donations amounting to £137 given to meet a deficit arising on the operations of the year, was £611. The Expenditure was £624. This year the Income has been £539, and the Expenditure £547.

Two Agents are supported by the Society—a Dorcas-woman, who attends in the Store, and investigates applications for relief, and a Bible-woman, who visits the sick in the wards. The work of these Agents is supplemented by several Ladies, both in the store and in the wards; but the Committee take this opportunity of earnestly requesting farther assistance, especially in the matter of ward-visiting. The Secretary will be glad to communicate with ladies who may desire to partake in this duty, and the Society will gladly welcome them to it.

One or two extracts from the note-book of the Acting Committee will serve as a sample of the work of the Society:—

Jan. 19.—C. M., who had both legs crushed by a railway train passing over him, and had both amputated, applies to know if he can be helped with pin legs. N.B.—The legs were subsequently granted.

March 2.—A. S., widower, with a family, brings letter of application for a pin leg from Mrs. Farquharson, who strongly recommends him as a decent man. N.B.—On investigation this case was found deserving, and the pin granted. A. S. wrote a letter of thanks.

March 23.-27 cases supplied, some of them with boots and shoes. Most of

them very poor and needy creatures, and with one or two exceptions appeared decent and deserving. Almost all were cases of bronchitis and chest disease, where warm clothing and good shoes were essential.

Sept. 7.—One poor woman came, who has made a most unlooked-for recovery. While convalescent, her husband and daughter came in as patients to the Infirmary, and both died. Her old mother came to take her away, and as she was in very destitute circumstances, three shillings were given her from the Society.

Oct. 19.—Two cases of "lock out" labourers, brought down to the lowest extreme of poverty, helped with shoes and some other articles of clothing, to fit them for resuming work again.

The Directors of the Royal Infirmary have, as formerly, granted to the Society the free use of their rooms in St. Vincent Place for their monthly meetings. For this service, and for much kindness and consideration otherwise, the Committee now return their grateful thanks.

Thanks are also returned to the Ladies connected with the Flower Mission, from whom an ample supply of flowers has been sent during the summer, for distribution in the wards. These have been received each Wednesday in the Dorcas Room, from the middle of April till middle of October; hampers from Miss Watson, Woodcliffe, Row; Miss Templeton, Helensburgh; Miss Anderson, Carlung:—in all, 9308 small bouquets, and upwards of 300 large ones.

Thanks are also due to Messrs. H. Lawson & Sons, for the free use of a weekly cab to convey the flower baskets to the Infirmary.
